

HET SHAH

Summary

Final-year Computer Science and Engineering student at GLS University, specializing in Artificial Intelligence and Machine Learning. Skilled in Python, Machine Learning, Natural Language Processing, and software development, with hands-on experience in creating intelligent systems, AI agents, and automation solutions. Possessing strong problem-solving skills, a collaborative spirit, and a passion for innovation, as evidenced by participation in hackathons, academic projects, and ongoing learning.

Projects

MediScan | Python, Machine Learning, Streamlit, Scikit-learn

- Created an AI-driven healthcare application aimed at predicting Asthma, Dengue, and Pneumonia based on symptom analysis.
- Integrated machine learning models with an interactive Streamlit interface for quick disease detection.
- Enhanced prediction accuracy through data preprocessing and model fine-tuning.

Incident Response Agent (HackBaroda 2026) | Python, AI Agents, NLP, RAG

- Developed an AI-based system for documenting historical incidents, their root causes, and strategies for mitigation.
- Employed RAG and semantic search to propose solutions for similar incidents.
- Designed a dashboard to track incidents and deliver intelligent response suggestions.

Restaurant Management System | C, Data Structures

- Built a menu-driven application for order management and automated bill generation.
- Implemented features for item selection, quantity control, and order summaries.

Improved transaction accuracy by minimizing the need for manual calculations.

Achievements

- Finalist at HackBaroda 2026
- Engaged in AI and technology workshops organized by Microsoft Elevate, Koenig Solutions, and be10x.

Education

SSC **Nirman High School**
2021

HSC **Nirman High School**
2023

B.Tech(CSE) **GLS University**
2023–2027

SKILLS

Scripting Languages

C++

Database Management

GitHub

VS Code

Language

English

Gujarati

Certificates

- Green Skills and Artificial Intelligence Certificate
- AI Tools & ChatGPT Workshop Certificate, be10x (2026)
- Create a Dashboard with Power BI Workshop Certificate, Microsoft Elevate & Koenig Solutions (2025)
- The Hour of AI Certificate (2025)
